ESC-tension IN A NUTSHELL

GOALS

- Support the goal of the European Student Card Initiative of **reaching all the students in Europe by 2025**
- **Create a set of tools** that help interested institutions in understanding the benefits of the ESC and support them during the adoption process
- **Expand the reach of the initiative** to the network of public and private service providers (on and off campus)

NATIONAL PLATFORMS

- **4+1 National reference points** for ESC adoption updated with the latest information
- Platforms are translated and customized taking into account local scenarios and regulations
- ESC-Tension platforms are complementary to the ESC Router

ADOPTION TOOLBOXES

- Each interested institution can easily assess their AS-IS scenario using the **Profiling Tool**
- HEIs can find customized instructions on how to adapt their cards using the **CARD Toolbox**
- SSPs can find customized instructions on how to harmonise their services using the **SERVICES Toolbox**

FUTURE DEVELOPMENTS

- Increase the number of National Platforms
- Continuous ESC specifications update
- **Promotion and development** of an ESC-compliant SSPs European registry

• ESC: European Student Card
• SSP: Student Service Provider
• HEI: Higher Education Institution
